

D-0507 Flight Training Co., Ltd. Approved Training Organisation (ATO)	ME-PCK-303-A EFF: 18 JUL 2024 Maintenance (ME) · D-0507 ATO
PRE-INSPECTION CHECKLIST Complete before any scheduled or unscheduled maintenance task	

Aircraft Type:	Registration:	Total Hours:	Date:
	HS-		

INSPECT ON ITEM	DONE
1. DOCUMENTATION & AUTHORISATION	
Maintenance Release <i>Valid maintenance release or work order present</i>	☐
AMM / CMM <i>Applicable maintenance manual revision confirmed</i>	☐
Previous Defects <i>Previous defect entries reviewed · Outstanding items addressed</i>	☐
2. SAFETY PRECAUTIONS	
Master Switch <i>Master electrical switch — OFF</i>	☐
Fuel Shut-Off <i>Fuel selector — OFF · No smoking signs posted</i>	☐
Chocks & Tie-Down <i>Wheel chocks in place · Tie-downs removed (if hangar)</i>	☐
ELT <i>ELT armed or disarmed as required by task</i>	☐
3. TOOLS & EQUIPMENT	
Calibrated Tools <i>All torque wrenches and measuring tools calibrated and current</i>	☐
FOD Check <i>Work area clear of foreign object debris (FOD) · Tool count recorded</i>	☐
PPE <i>Appropriate PPE available for task — gloves, safety glasses, hearing protection</i>	☐
4. AIRCRAFT EXTERNAL	
General Condition <i>No visible damage, corrosion, or bird-strike evidence on fuselage/wings</i>	☐
Flight Controls <i>Control surfaces — no damage, delamination, or hinge play</i>	☐
Landing Gear <i>Tyres, brakes, oleo servicing checked · No fluid leaks</i>	☐
Propeller <i>Propeller — no nicks, cracks, or erosion · Spinner secure</i>	☐
Antennas <i>All antennas secure · No visible damage</i>	☐
5. ENGINE COMPARTMENT	
Oil Level <i>Engine oil level within limits · No contamination</i>	☐
Fuel System <i>Fuel drain sample — clear, blue · No water or sediment</i>	☐
Hoses & Clamps <i>Engine hoses, clamps, and fittings — no chafing, cracks, or leaks</i>	☐

Exhaust <i>Exhaust stacks and heat muffs — no cracks or security issues</i>	☐	
Air Induction <i>Air filter clean · Induction system clear</i>	☐	
6. COCKPIT / CABIN		
Instruments <i>All instruments serviceable · Pitot / static covers removed</i>	☐	
Avionics <i>Avionics power-on check — no fault indications</i>	☐	
Fire Extinguisher <i>Cabin fire extinguisher in place and charged</i>	☐	
Emergency Exits <i>Emergency exit operation verified</i>	☐	
7. SYSTEMS — AS APPLICABLE		
Hydraulics <i>No leaks · Fluid level (if applicable)</i>	☐	
Electrical <i>Circuit breakers — all in · No burnt odour or heat marks</i>	☐	
Fuel Quantity <i>Fuel quantity gauge reading matches measured fuel</i>	☐	
AME / Inspector: <i>Name / Signature</i>	Licence No.: 	Date:
